Himanshu Rawat

.NET Developer | Full Stack | Web Scraping & Automation
rawathimanshu474@gmail.com | +91-7065378457 | Delhi, India | LinkedIn | GitHub | Portfolio

SUMMARY

.NET Developer with 1+ year of experience building scalable web applications, automated data extraction pipelines, and full-stack solutions using C#, ASP.NET Core, and React.js. Promoted from intern to full-time developer within 6 months. Hands-on with REST APIs, Docker, PostgreSQL, and production-grade clean architecture patterns.

PROFESSIONAL EXPERIENCE

Blu Parrot Ventures Pvt Ltd | .NET Developer – Web Scraping *Nov 2025 – Present* | *Gurugram*

- Developed 5+ end-to-end web scraping and automation solutions in C# / .NET Core handling pagination, dynamic content, and multi-step crawling.
- Extended Bright Data crawler capabilities using JavaScript and jQuery within the Bright Data IDE, improving data coverage for complex extraction tasks.
- Built JSON parsing and data cleaning pipelines delivering production-ready datasets with 99%+ field completeness.

Blu Parrot Ventures Pvt Ltd | .NET Developer Intern *Apr 2025 – Oct 2025* | *Gurugram*

- Built scraping pipelines using Microsoft Playwright and HTML Agility Pack in C# / .NET Core MVC for automated extraction from dynamic websites.
- Integrated REST APIs, performed JSON serialization, and tested endpoints using Postman for accurate data handling.
- Followed Git workflow — feature branches, pull requests, code merges, and MSTest unit tests for reliability.

PROJECTS

SplitSmart – AI-Powered Expense Splitting App — *React 19 + TS | ASP.NET Core 10 | PostgreSQL | Redis | SignalR | Docker*

- Full-stack expense management platform with JWT auth, real-time SignalR updates, and AI-assisted settlement calculations.
- Phase 1 complete — Docker Compose, domain entities, EF Core Fluent API, migrations deployed. Modular Monolith + Clean Architecture.

Personal Portfolio – Full Stack — *ASP.NET Core Web API (.NET 10) | React 19 + Vite | Tailwind v4 | PostgreSQL | Docker | Vercel*

- Backend: Repository Pattern, Service Layer, DTOs, EF Core, Supabase, deployed on Render via Dockerfile.
- Frontend: React 19, Framer Motion, custom hooks, Cloudinary for images — live at portfolio link.

HimanshuBook Store — *ASP.NET Core MVC | SQL Server | Bootstrap | Toastr.js*

- Full-featured eBook store with Login/Register, cart management, admin panel, and real-time toast notifications.

TECHNICAL SKILLS

Languages: C#, JavaScript, TypeScript, SQL, LINQ
Frameworks: .NET Core, ASP.NET Core MVC / Web API, React.js, Entity Framework Core
Web Scraping: Playwright, HTML Agility Pack, Bright Data, JSON Parsing, Automation
Databases & Cloud: SQL Server, PostgreSQL, Redis, Supabase, Cloudinary, Render, Vercel
DevOps & Tools: Docker, Git, Postman, Visual Studio
Architecture: Clean Architecture, Repository Pattern, Modular Monolith, REST APIs, SignalR, JWT

EDUCATION

Bachelor of Computer Applications (BCA) *2022 – 2025*
Indra Gandhi National Open University (IGNOU), Delhi — Secured internship in 3rd semester itself.
