EDUCATION

IIMT University,Meerut **2022 – 2026**
*Degree Name - B.Tech - Computer Science and Engineering -**CGPA - 7*** *Meerut, Utter Pradesh*

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- Network Security
- Database Management System (DBMS)
- Artificial Intelligence
- OOPS Concept
- Web Development

PROJECTS

Absenteeism Project | Python **SEP 2025**

- **Designed and implemented a full data science workflow in Python to analyze workplace absenteeism using the Absenteeism at Work dataset, including data cleaning, feature engineering, and exploratory analysis.**
- **Created insightful visualizations (scatter plots, histograms, boxplots, pie charts) to communicate key findings about absenteeism patterns by age, distance, reason, and season.**
- **Performed statistical analysis to identify drivers of absenteeism, calculate absenteeism rates, and assess correlations between key variables.**
- **Automated the export of analytical results and reports for reproducible research.**
- **Managed the project lifecycle using Git and GitHub, ensuring version control, collaboration readiness, and comprehensive documentation for future use and reference.**

Fashion MNIST | Jupyter NoteBook, Python **AUG 2025**

- **Designed and implemented Generative Adversarial Networks (GANs) to generate fashion images using the Fashion MNIST dataset.**
- **Developed and trained deep learning models in Python and Jupyter Notebook for synthetic image creation.**
- **Applied advanced neural network architectures to improve image quality and diversity.**
- **Utilized data preprocessing, augmentation, and visualization techniques for optimal model performance.**
- **Analyzed GAN training dynamics and evaluated results using metrics and visual outputs.**
- **Demonstrated hands-on experience in machine learning, computer vision, and artificial intelligence.**
- **Documented experimental findings and code for reproducibility and collaborative research.**

INTERNSHIP

IIMT University **JULY 2025 – AUG 2025**
Role Name *Meerut, Uttar Pradesh*

- **Data Science, AI & Machine Learning Intern.**

TECHNICAL SKILLS

Languages: Python, Java, Selanium, HTML, CSS, JavaScript, SQL
Developer Tools: VS Code, Eclipse, X-code, IDLE Python
Technologies/Frameworks: Test NG, Cucumber, Maven, Git, GitHub

CERTIFICATIONS

- **Data Science Professional**

  Oracle Cloud Infrastructure 2025 Certified Data Science Professional

- **Programming in Java**

  Under the Guidence of Prof.Haimanti Banerji NPTEL Coordinator,IIT Kharagpur

- **NCVET-Certified Application Developer (Web/Mobile)**

  Achieved NSQF L5 certification under NCVET governance through SSC NASSCOM;
  540 hrs Structured training, - 18 credits.
