PROFESSIONAL SUMMARY

Entry-level Python Developer with practical training in Python Programming and Data Analytics from BTPS Institute, Kanpur. Hands-on knowledge of Python, SQL, Pandas, NumPy, Excel and Power BI, with practical projects in finance and sales analytics. Completed a one-month Data Analytics Internship at CodeAlpha. Strong problem-solving mindset with a focus on practical Python programming.

TECHNICAL SKILLS

Python	Core Python, OOP, Functions, Lists, Tuples, Dictionaries, Sets, Strings, Exception Handling, File Handling
Data Analytics	Pandas, NumPy, Data Cleaning, Transformation, Analysis, EDA
SQL	SELECT, WHERE, GROUP BY, HAVING, JOINs, Subqueries, CTEs, Window Functions, Aggregations
Excel / Power BI	VLOOKUP/XLOOKUP, IF, SUMIF/SUMIFS, Pivot Tables, KPIs, Dashboards, Basic DAX
Tools	Jupyter Notebook, VS Code, Git, GitHub

TRAINING

BTPS Institute, Kanpur — Python Programming & Data Analytics Training

Python Programming, SQL, Excel, Pandas, NumPy, Power BI, data cleaning, data analysis, EDA and practical problem-solving.

INTERNSHIP

CodeAlpha — Data Analytics Intern | Virtual | 20 June 2026 – 20 July 2026

Completed a one-month internship focused on data handling, analysis and business-oriented insights; received Certificate of Completion and Letter of Recommendation.

PROJECTS

Personal Finance Analysis

Python • Pandas • NumPy • Excel • Power BI

- Analyzed income and expense transactions to identify spending patterns, categories and financial trends.
- Cleaned and transformed data using Pandas and NumPy and calculated financial metrics.
- Created visual reports to make spending behavior and insights easier to understand.

KFC Sales Analysis

SQL • Excel • Power BI

- Analyzed sales data to evaluate product performance, category trends and business KPIs.
- Used SQL and Excel for filtering, aggregation and reporting, followed by business-focused visualizations.
- Presented actionable insights through charts and KPI-based reporting.

Chai Sutta Bar Business Dashboard

Power BI • Excel

- Built an interactive dashboard for 501 products covering calories, sugar, caffeine, categories and outlet distribution by city.
- Created KPI cards, charts, slicers and price-by-category views for decision-ready insights.

EDUCATION

Bachelor of Science (B.Sc.)	Dr. Bhim Rao Ambedkar University, Agra, Uttar Pradesh	**2022**
Class XII	UP Board	**2019**
Class X	UP Board	**2017**

CAREER OBJECTIVE

To begin my career as a Python Developer, apply my programming and problem-solving skills to real-world projects, contribute to reliable software solutions and continuously grow as a developer.
