SURYA PRATAP SINGH

Software Developer | React.js | Python/Django | RAG & GenAI

Kanpur, India | +91-9305832798 | harshitsingh1930@gmail.com | GitHub | LinkedIn

SUMMARY

Software Developer with hands-on experience building production healthcare web applications using React.js, TypeScript, Python, and Django, plus RAG and GenAI applications using LangChain, Google Gemini, and vector databases. Strong foundation in REST API integration, semantic search, and full-stack deployment.

EXPERIENCE

Frontend Developer — Vyaptek *Jan 2026 – Present*

- Build and maintain a production Hospital Management System (OPD, IPD, Billing, Payments, Purchase, Sales, Reporting) using React.js, TypeScript, Vite, and Tailwind CSS.
- Integrate REST APIs with caching, loading, and error-handling patterns, ensuring reliable data flow across modules used daily by hospital staff.
- Build reusable, feature-based UI components and custom hooks; implement structured form validation and unit tests to reduce production bugs.
- Collaborate directly with backend developers, QA, and designers in an agile workflow to ship maintainable features on schedule.

PROJECTS

PDF RAG Question-Answering System

React.js, Django REST Framework, LangChain, Google Gemini, ChromaDB, HuggingFace Embeddings — Deployed on Render and Vercel

- Built a full-stack RAG application enabling users to upload PDFs and get accurate, natural-language answers grounded in document content.
- Designed the retrieval pipeline end-to-end: document loading, chunking, embeddings, vector storage, top-K similarity search, and prompt construction for Gemini.
- Shipped a working production deployment with a Django REST API backend and a responsive React frontend.

TECHNICAL SKILLS

Frontend: React.js, TypeScript, JavaScript (ES6+), Tailwind CSS, REST API Integration

Backend: Python, Django, Django REST Framework, MySQL, SQL

AI / GenAI: RAG, LangChain, Google Gemini, ChromaDB, Embeddings, Prompt Engineering, Semantic Search

Tools & Testing: Git, GitHub, Vercel, Render

EDUCATION

Diploma, Computer Science & Engineering — Government Polytechnic, Bighapur, Unnao *2024 – 2026*
