SUMMARY

MCA graduate with hands-on experience building full-stack applications using React.js, Node.js, Express.js, and MongoDB. Comfortable working with REST APIs, CRUD operations, and Git-based version control in a collaborative team environment. Quick learner with a strong foundation in JavaScript (ES6) and problem-solving, looking to contribute to real-world MERN stack projects and grow as a developer.

TECHNICAL SKILLS

Languages	JavaScript (ES6+)
Frontend	React.js, Component-Based Architecture, Responsive Design
Backend	Node.js, Express.js, REST API Development, CRUD Operations
Database	MongoDB
Concepts	OOP, Data Structures
Tools	Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Developer Intern — PetCartel.com (Remote), Bengaluru *6 Months*

- Integrated backend services with frontend applications using REST APIs.
- Collaborated with senior developers to implement features and resolve technical issues.
- Worked in a remote team environment using Git and GitHub for version control.

Junior Engineer — RMSI, Dehradun *3 Months*

- Processed and validated structured data with attention to accuracy and quality standards.
- Maintained data records according to client requirements and internal standards.

FEATURED PROJECTS

AI Fraud Free Platform

React · Node.js · Express · MongoDB

- Built a full-stack MERN application for reporting and verifying fraudulent companies with a comprehensive database.
- Developed Express.js REST APIs with CRUD operations and validated all endpoints using Postman.
- Designed MongoDB schemas and connected them to the Express backend for reliable data management.
- Deployed frontend on Netlify and backend on Render with secure environment configuration.

Personal Portfolio Website

React.js · Tailwind CSS · EmailJS

- Designed and built a fully responsive portfolio showcasing projects and technical skills.
- Integrated EmailJS for serverless contact form functionality without a backend server.

PetCartel On Wheels

React.js · REST API Integration

- Built customer-facing pages for booking offline pet-care services through the PetCartel platform.
- Implemented an appointment scheduling flow allowing users to select services and book time slots.
- Connected booking pages to backend REST APIs for real-time appointment creation and updates.

EDUCATION

Master of Computer Applications (MCA) — SGRR University, Dehradun 2023 – 2025

CGPA: 7.27 / 10

Bachelor of Computer Applications (BCA) — SGRR University, Dehradun 2020 – 2023

CGPA: 7.72 / 10

CERTIFICATIONS

- SQL (Basic) — HackerRank Verified Certificate
- Data Structures & Algorithms — LeetCode (Ongoing Practice)
