Date of Birth: 04 October 2003

PROFILE

Computer Science graduate with professional experience in financial operations, admissions support, applicant financial assessment, and customer-facing sales. Currently working with Campus Group on CQ University admissions, supporting the financial assessment process by reviewing applicant income, funding, and financial information and coordinating with applicants and agents. Previously worked as a Tele Sales Officer at Star Health Insurance, where I handled customer outreach, explained health-insurance products, and supported sales activities. Strong in documentation, communication, coordination, data handling, and process-oriented work.

WORK EXPERIENCE

Admissions Officer | Campus Group — CQ University

April 2025 – Present

- Manage and assess applicants' financial profiles, including income, funding sources, and financial documentation, to support the admissions process.
- Review and verify applicant financial information to ensure accuracy, completeness, and compliance with institutional requirements.
- Coordinate with education agents and applicants to obtain required financial information and resolve documentation or funding-related queries.
- Act as a key point of contact between applicants, agents, and internal teams, ensuring timely communication and smooth progression of applications.
- Maintain accurate records of applicant financial information and follow up on outstanding documents and requirements.
- Support the overall application process by identifying financial or documentation issues and coordinating their resolution in a timely manner.

Tele Sales Officer (TSO) | Star Health Insurance Company

June 2024 – December 2024

- Promoted and sold **health insurance products** to prospective customers through outbound and inbound sales interactions.
- Educated customers about the **importance and benefits of health insurance** and helped them understand suitable coverage options.
- Generated and followed up on leads to **increase sales conversions and achieve business targets**.
- Identified customer requirements and recommended appropriate insurance plans based on their needs.
- Built and maintained strong customer relationships through **effective communication, follow-ups, and product guidance**.
- Handled customer queries and provided clear information regarding **policy features, coverage, and benefits**.
