surajyadav.07072004@gmail.com
VASUNDHARA GHAZIABAD, UP

SUMMARY

I am a b.Tech student in computer science and engineering. I have a strong interest in cyber security. I am looking for opportunities to start my career and eager to learn and grow. I quickly pick up new skills and work hard to add value to my team. I am passionate about using network security, threat analysis, problem-solving tools to solve real- world problems while constantly improving my technical and problem-solving abilities.

EDUCATION

RKGITM GHAZIABAD (AKTU)
Bachelor of Technology with Computer science and engineering
2022 – 2026

RKI GHAZIABAD (CBSE)
10TH - 82% 2020
12TH - 72% 2022

SKILLS

- **NETWORKING:** TCP/IP, DNS, HTTP/HTTPS
- **OPERATING SYSTEM:** LINUX, WINDOW
- **SECURITY CONCEPT:** WEB SECURITY, MALWARE, CRYPTPGRAPHY, THREAD,
- **TOOLS:** NMAP, WIRESHARK
- **PROGRAMMING:** PYTHON, C, JS (basic)
- ETHICAL HACKING CONCEPT
- CYBER SECURITY FUNFAMENTALS
- WEB APP SECURITY/BUG BOUNTY
- COMPUTER FORENSCIS
- PENETRATION/DARKNET

CERTIFICATIONS

- **CERTIFIED CYBER WARRIOR**:
  BY: HACKINGFLIX ACADEMY
- **CYBER SECURITY VIRTUAL INTERNSHIP:**
  BY: PALOALTO NETWORKS
- **CYBER SECURTIY AWARENESS WORKSHOP & MEMBER, (IIC)**
- **CYBER SECURITY ANALYST(FORAGE)**

PROJECTS

MAJOR PROJECTS

- WEB APPLICATION SECURITY TESTING
  TOOLS: HTML, JAVASCRIPT, PYTHON, MYSQL
  -identified and mitigated SQL Injection, XSS, and CSRF issues
  - Implemented secure authentication and input validation
- Keylogger Detection & Analysis System
  Tools: Python, Linux, Windows Security Logs
  -Studied working principles of keylogging malware
  -Designed a detection mechanism using behavior analysis
- Network Jamming Detection & Analysis System
  Tools: NS3, Python, Wireshark
  -Studied impact of jamming attacks on wireless network
  -Analyzed throughput, delay, and packet loss

MINI PROJECTS

- Flappy Bird Game (2D Game Development Project)
  TOOLS: PYTHON, JAVASCRIPT
  -Implemented game physics (gravity, collision detection)
  -Added score tracking and game-over logic
- Simon Says Game (Memory-Based Interactive Game)
  TOOLS: JAVASCRIPT, PYTHON, HTML, CSS
  - Developed a memory-based interactive game
  - Added visual/audio feedback and score tracking

EXTRACURRICULAR ACTIVITIES

- Participated in Capture The Flag (CTF) challenges.
- Regularly followed cybersecurity blogs and security updates.
- Solved coding problems on online platforms.
- Participated in inter-college technical events.
- Attended technical workshops and webinars.
- Participated in cultural programs and competitions.
- Developed communication and leadership skills.
- Cricket (college-level participation).
- Football (inter- matches)
- Participated in college-level chess / carrom competitions.
