HARSH JHA

Ghaziabad, India | hjha70832@gmail.com | 7503712944 | LinkedIn | GitHub

PROFESSIONAL INTRODUCTION

Motivated Computer Science Engineering graduate with hands-on experience in web development, data analytics, automation, and software projects. Skilled in PHP, JavaScript, React, Python, SQL/MySQL, and Git, with practical exposure to digital-governance datasets and business automation. Seeking an entry-level software, web development, QA, IT support, or data-oriented role where I can apply problem-solving skills and contribute to real-world solutions.

EDUCATION

B.Tech in Computer Science Engineering | Raj Kumar Goel Institute of Technology and Management (RKGITM) — 2022–2026

Higher Secondary (12th) | Kusum Goel School — 2022

Secondary (10th) | Kusum Goel School — 2020

EXPERIENCE & INTERNSHIPS

Web Developer Trainee | AdScale Media — 2026

- Worked on website updates, landing pages, business automation, and an AI telecaller prototype. Contributed to web-development tasks, lead-management workflows, and digital solutions using web and automation tools.

Data Analytics Intern | National Informatics Centre (NIC), Ministry of Electronics & Information Technology — Jul–Aug 2025

- Completed a hybrid internship in the eChallan, Parivahan, and PUCC (eTransport) divisions. Used PostgreSQL, Jupyter Notebook, and Python for data collection, transformation, and analysis of traffic-violation datasets; contributed to data-driven insights supporting digital-governance initiatives.

Cyber Security Intern | Eduskills — May–Jul 2023

- Worked on threat detection, risk analysis, and Palo Alto tools implementation.

Machine Learning Intern | Eduskills — Dec 2022–Feb 2023

- Built machine-learning models and explored integration with AWS cloud services.

TECHNICAL SKILLS

Languages: Java, HTML, CSS, JavaScript, PHP, Python, C

Frameworks & Libraries: React, Bootstrap

Databases: MySQL, PostgreSQL, SQLite

Tools: VS Code, Git, GitHub, Jupyter Notebook

Concepts: Data Structures & Algorithms, Data Analytics, Web Development, Cyber Security, Machine Learning, Automation, Arduino

Soft Skills: Problem Solving, Time Management, Teamwork, Communication

PROJECTS

- Food Order Website: Full-stack website using HTML, CSS, JavaScript, PHP, and MySQL, featuring user login and an admin panel.
- Secured Bank Account System: Basic banking system demonstrating account operations, encryption, and security concepts.
- RC Bot using Arduino: Remote-controlled robot built with C and an Arduino board.

LANGUAGES

Hindi, English
